SUBJECT: NPL SITE REMOVAL ASSESSMENT FOR FREWAY SAN LF
(name of site)

FROM: WALTER NIED OSC

TO: Mark Messersmith (HSE-5J)

I have reviewed the data available for the above mentioned site, and have discussed it with T. ROUNDTREE. Based upon a site visit made by W NIED on 6-16-92.
(name of RPM or State PM) (name of visitor(s)) (specific date)

I have determined the following:

- (A) There is no imminent and substantial threat to the public health and welfare or to the environment, and that no removal action is appropriate at this time.
- (B) The following conditions exist on the site which warrant an immediate removal action:

I recommend that the following actions be taken:

SAMPLE FOAMY LEACHATE IN PONDS NEAR
MINNESOTA RIVER (N. SIDE OF LANDFILL)
WILL RECOMMEND TO RPM

cc: RPM
R. Bowden (only if option B is indicated)

1. Is there any condition on the site that would lead to a fire or an explosion?
2. Are there any drums, vats, tanks or other containers at or near the surface that contain or may contain hazardous materials? Note: Drums, vats or tanks or other containers contained in abandoned buildings on the site are considered to be on the surface for purposes of this question
3. Are there contaminated soils or hazardous materials on the surface that may migrate through erosion or by becoming air borne in the form of dust?
4. Can children or other personnel easily gain access to the site without climbing or passing through an intact fence or other security provision?
5. Are there any public or private drinking water supplies which have been contaminated beyond Removal Action Levels and for which no alternative water supply has been provided? Attached is a list of Removal Action Levels for commonly found contaminants.
6. Are there any lagoons or other contaminated bodies of liquid on the site that may overflow?
7. Are there any other unusual circumstances on the site which constitute a short term threat to the public health and welfare?

Spoke with Rita O'Connell my MPLA counterpart regarding these questions. She indicated that a representative from Weston ^{TAMMY DILLARD} called to ask her the questions and she already answered them. She indicated that there wasn't any need for emergency or removal measures according to the ~~present~~ information they have on the site.
